**REGISTER ONLINE - [NHCANCERPLAN.ORG](http://NHCANCERPLAN.ORG)**

### Agenda

- 8:00 **Registration and Continental Breakfast**
- 8:30 **NH Comprehensive Cancer Collaboration Update**  
Robert Gerlach, MPA  
Chair, NH CCC Board of Directors
- 9:00 **Importance of Community Partnerships toward Advancing Cancer Care and Research**  
Edward J. Benz Jr., MD  
President and CEO Emeritus  
Dana-Farber Cancer Institute
- 10:00 **Networking Break / Exhibits**
- 10:30 **Implementing Survivorship Care Plans: What's Happening in Practice?**  
Mandi Pratt-Chapman, MA  
Associate Center Director for Patient-Centered Initiatives and Health Equity  
George Washington Cancer Center
- 11:45 **Lunch / Exhibits / Network**
- 12:45 **Hot Topic Breakout Sessions**  
Select one (See details on following page)
- A. Partnering to Optimize Quality of Life for Cancer Survivors
  - B. Adaptation of Survivorship Care Plans in the age of the EMR: Challenges & Practical Solutions
  - C. Helping Survivors Live Tobacco Free
  - D. Creative Survivorship Planning & Partnering
  - E. Utilizing Partnerships to Address Arsenic in Private Well Water
- 1:45 **Hot Topic Breakout Sessions Repeated** - Select one
- 2:45 **Living Well After Cancer**  
Hester Hill Schnipper, LICSW, BCD, OSW-C  
Chief of Oncology Social Work  
Beth Israel Deaconess Medical Center
- 3:45 **Closing Remarks & Evaluations**  
Robert Gerlach, MPA

### Plenary Objectives

- Explain how community partnerships and collective impact can enhance the cancer survivorship experience
- Describe challenges and solutions associated with implementing cancer survivorship care plans
- Identify local and national resources and practical strategies to assist health systems to improve survivorship outcomes

### Meet our Keynotes

**Edward J. Benz Jr., MD**

Dr. Benz graduated from Harvard Medical School in 1973 and received his training at Brigham and Women's Hospital and the National Institutes of Health. He is president and CEO emeritus of Dana-Farber Cancer Institute, director emeritus and principal investigator of Dana-Farber/Harvard

Cancer Center, and a member of the Governing Board of Dana-Farber/Children's Cancer Center. He is also a clinical hematologist and an active NIH-funded investigator.

**Mandi Pratt-Chapman, MA**

Mandi Pratt-Chapman, MA is Associate Center Director for the Institute for Patient-Centered Initiatives and Health Equity at the GW Cancer Center. She is responsible for strategically planning and implementing patient-centered initiatives and addressing significant health equity challenges in Washington, DC. The

Center's vision is a cancer-free world and health care that is patient-centered, accessible and equitable. Its mission is to foster health communities, prepared patients, responsive health care professionals and supportive health care systems through applied cancer research, education, advocacy and translation of evidence to practice.

**Hester Hill Schnipper, LICSW, BCD, OSW-C**

Ms. Hill Schnipper is chief of oncology social work at Beth Israel Deaconess Medical Center, and has been an adjunct professor at Simmons College and Boston University Schools of Social Work. She has also taught at the Harvard Medical School and was the Susan G.

Komen For the Cure's first Hatcher Professor of Survivorship. Her daily clinical work includes the care of women living with all stages of breast and gynecologic cancer; she facilitates five support groups and develops other support and educational resources for her institution's oncology community. She has authored two books: *Woman to Woman: A Handbook for Women Newly Diagnosed with Breast Cancer* and *After Breast Cancer: A Commonsense Guide to Life after Treatment*.

In 1993 and again in 2005, Ms. Hill Schnipper was diagnosed with breast cancer and underwent surgery, radiation, chemotherapy and hormonal therapy. She has two young adult daughters and lives with her husband in Concord, Massachusetts.

## Hot Topic Breakout Sessions

**Two Repeated Sessions: 12:45 - 1:45 and 1:45 - 2:45**

**Please select two:**

### **A. Partnering to Optimize Quality of Life for Cancer Survivors**

- Chris Howard, LICSW, OSW-C, Oncology Resource Coordinator, Elliot Regional Cancer Center
- Janice McDermott, Executive Director, New Hampshire Hospice and Palliative Care Organization

Through the work of the Collaboration's Quality of Life Task Force, cancer and palliative care professionals statewide partnered to work on a common goal: Optimizing the Quality of Life for Cancer Survivors. Key to the work of the task force is developing value-added tools for professional care teams and survivors. Hear from the co-leaders, how the Task Force members partnered to identify gaps, and develop and distribute effective survivorship tools.

### **B. Adaptation of Survivorship Care Plans in the age of the EMR: Challenges & Practical Solutions**

- Darcy M. Kreis MS, RN Dartmouth-Hitchcock Norris Cotton Cancer Center, Lebanon
- Elizabeth B. McGrath DNP, APRN, AGACNP-BC, AOCNP, ACHPN Dartmouth-Hitchcock Norris Cotton Cancer Center, Lebanon

In 2007 the Institute of Medicine recommended patients be presented with a Survivorship Care Plan (SCP) at the completion of cancer care. Although many templates have been developed there is no one method that is proven to be superior. In addition we are now confronted with how to incorporate the SCP into the EMR. Join us as we discuss strategies to overcome these challenges.

### **C. Helping Survivors Live Tobacco Free**

- Teresa M Brown, BS, TTS, NH Division of Public Health Services, Tobacco Prevention and Cessation Program
- Kate McNally, Program Manager, MS, TTS, Cheshire Coalition for Tobacco Free Communities, DH Keene

A healthy cancer center is a tobacco free center; what does this mean and how do you do accomplish it? In this session, participants will gain an understanding of best practices for treating tobacco dependence and will learn about tools and resources to help your organization support survivors in their journey toward freedom from tobacco.

### **D. Creative Survivorship Planning & Partnering**

- Roshani Patel MD, FACS, Breast Surgeon Dartmouth-Hitchcock Manchester

A structured rehabilitation program can decrease morbidity and improve outcomes. In this session, participants will hear about tools Dr. Patel is using to help patients succeed with exercise and eating better. We will also discuss how exercise and dietary modification can impact quality of life, improve overall health, and decrease healthcare costs.

### **E. Utilizing Partnerships to Address Arsenic in Private Well Water**

- Kathrin Lawlor, BA, Community Engagement Core Coordinator, Dartmouth Toxic Metals Superfund Research Program, Dartmouth College
- Paul Susca, Supervisor - Planning, Protection & Assistance, Drinking Water and Groundwater Bureau, NH Department of Environmental Services

Arsenic is a common contaminant in private wells in NH and has been linked to a variety of negative health outcomes, including bladder, lung, liver, prostate and skin cancer. In this session, participants will learn about current efforts, implemented by a variety of partners, to address private well water quality, with a focus on arsenic. Participants will also learn how to ensure their own well water quality and how to help their communities promote well water testing.

NH CCC is an initiative of the  
Foundation for Healthy  
Communities

**The New Hampshire Comprehensive Cancer Collaboration (NH CCC)**, an initiative of the Foundation for Healthy Communities, was established in 2004 to address the leading cause of death in New Hampshire (NH). The NH CCC is a dedicated partnership of individuals and organizations committed to eliminating cancer in the state. The NH CCC developed the New Hampshire Comprehensive Cancer Control Plan to foster communities and systems that support and reinforce healthy lifestyles, prevent and detect cancer at its earliest stage, and optimize quality of life for those affected by cancer.

For more information about the NH CCC and the NH Cancer Plan, visit  
[www.NHCancerPlan.org](http://www.NHCancerPlan.org).

Education Credits

NURSING: Southern New Hampshire Area Health Education Center is an Approved Provider of continuing nursing education by the Northeast Multistate Division (NE-MSD), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. 5.75 contact hours. Activity Number: 1191

PHYSICIANS: The Southern NH Area Health Education Center, accredited by the NH Medical Society, designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credit(s). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CERTIFIED HEALTH EDUCATION SPECIALISTS (CHES): Sponsored by Southern NH Area Health Education Center, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) to receive up to 5.75 total Category I continuing education contact hours. SNHAHEC Provider Number MEP3658.
